Early Childhood Education (ECE) Collaborative

CCSSO is committed to supporting each state's role in creating the structures and supports that help students enter kindergarten ready to learn and ultimately graduate high school ready for college, careers, and life. The Early Childhood Education (ECE) collaborative's focus is on ensuring students have access to high-quality, developmentally appropriate early childhood education that prepares them for PreK and elementary school. This collaborative is one example of CCSSO's commitment to students on every step of their journey to be successful in school. State members who join the ECE collaborative include early childhood or education directors and specialists.

2018-2019 Highlights:

- Addressed chronic absenteeism at point of transition to public school by inviting Attendance Works to all (3) SCASS meetings
- Continued the joint sessions with English Learners (EL) SCASS and Math SCASS to highlight the potential capacity for greater collaboration among offices in state education agencies (SEAs)
- Co-hosted final joint National Roundtable meeting with early learning leads from more than 40 states, including SCASS states, and strong collaboration with National Association of Early Childhood Specialists in State Departments of Education (NAECS-SDE) and Center on Enhancing Early Learning Outcomes (CEELO)
- Established assessment workgroup which resulted in (3) states (MD, SC, OR) to participate in proposal for federal grant to develop a K-2 assessment item bank
- Began work on (4) ECE publications:
  - Practical Guide for State Education Agencies to Promote Success of English Learners PreK-Grade 3 by Alexandra Figueras-Daniel, Teaching Strategies
  - K–2 Assessments: An Update on State Adoption and Implementation by Michelle Croft, ACT
  - Leveraging ESSA Plans in Preschool Development Grant Implementation: A Toolkit for States by Elliot Regenstein, Foresight Law + Policy
  - Third Grade Reading Laws: Implementation and Impact by Bonnie O'Keefe, Bellwether Education

2019-2020 Goals

CCSSO is committed to supporting each state’s role in creating the structures and supports that help students enter kindergarten ready to learn and ultimately graduate high school ready for college, careers, and life. ECE’s focus on ensuring students have access to high-quality, developmentally appropriate early childhood education that prepares them for pre-K and elementary school displays CCSSO’s commitment to students on every step of their journey to be successful in school.

The ECE SCASS is working toward a vision of leveraging state education staff to ensure access to high quality developmentally appropriate and culturally responsive early child education in programs serving children, birth to 5, and students K-3, to improve academic outcomes and mitigate achievement gaps by third grade. Progress towards this vision will center around the following goals:
• Support SEA staff to develop policies and support systems for local districts to create equitable, aligned, and coherent birth/PreK to 3rd grade frameworks
• Support SEA staff in implementing early learning strategies in accordance with their state’s consolidated ESSA plan, especially in support of disadvantaged children
• Support SEA staff to create support systems for local districts to implement high-quality curricular and evidence-based practices for early literacy and early math as well as social and emotional learning in PreK to grade 3.
